Words starting with "ch"

Look at the sentences below and fill in the correct word from the word bank. Some of the words you can use more than once.

chin	chess	chips
chop	chair	cheek
children	chicken	

Yesterday after school I was very hungry. I decided to go into town to buy myself something to eat. I saw a KFC and bought myself some juicy chicken and chips.

After that I walked to the library to take out a new book and saw that there were four children sitting at a table playing a game of chess. I sat down on a chair to watch them play chess.

When the children finished their game of chess I walked through the shelves and took out a book about a brown chicken who lived on an island with a cheetah. The book looked very interesting.

Then I walked back home and saw my mom busy preparing dinner in the kitchen. She gave me a kiss on my cheek and handed me a knife asking me if I can chop a carrot for the salad she was busy making.

Then I saw her take out the meat out of the oven. It was a whole chicken. "Oh no," I thought. "Not chicken again!" I did not say anything to her about having chicken for lunch. I just rubbed my chin and smiled at her.
