Examination paper

# Tuesday

You are not writing an examination paper this term, therefore it will be good to do the paper in the text book, as practise. First do the reading comprehension test. Turn to p.93 in your text book. Read the passage, The Visitor, carefully, asking yourself after each paragraph what it is about. Also picture the story in your mind as you are reading. Write Examination Paper as your heading in your classwork book. Read each question carefully. Answer in full sentences, unless you need to write just a word or letter.

# Thursday

You are going to do language questions based on the comprehension passage, The Visitor. **Do not do** the language questions marked D in the text book. Do the questions on **the attached worksheet**. Write *Language* just below the comprehension you did on Tuesday and then answer the questions. At all the questions you need to write only the answer, except at no 2 where you must rewrite the sentences into the present tense.

Friday

Today you can mark the comprehension test and language questions. Find the answers in the Memo: week 14 file.  
Then you can read aloud for ten minutes.
