### WRITING DESCRIPTIONS

---

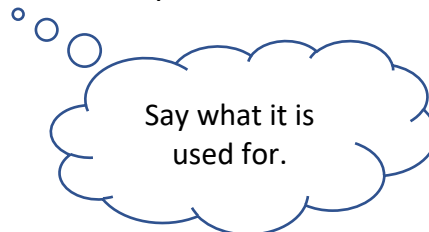

Today we are going to practice writing descriptions about different objects! We will be using a frame to help you to write your descriptions.

First look at this example:

An airplane is a big, long machine. It is **made of metal** and it has wings. We use airplanes **to fly** people and things from one place to another.

Here is another example.

A cellphone is **small and rectangular**. It is very **useful to communicate** with others. We use it **to speak to people, send text messages and play games**.

Now use this frame to help you write your descriptions. You need to write about three different objects that you see or use daily.

Here are some ideas of objects to write about:

computer

tablet

xbox

cars

pencils

books

playstation

dolls

ball

bicycle

A \_\_\_\_\_ is \_\_\_\_\_ and \_\_\_\_\_. It is \_\_\_\_\_. We use it to  
\_\_\_\_\_.
