Spelling activities

---

Write down the highlighted words from the text that we read on Monday. Write them out 5 times and ask an adult or an older brother/sister to quiz you on these spelling words.

After you have written your spelling test, I want us to play Spelling Detective. How this game works is that I will write down all of the spelling words, but with errors in them. You need to find the mistakes and correct them so that the word is spelled correctly!

Let's get to it!

1. bedrume
2. alowid
3. warrdrob
4. torsh
5. crieing
6. ufrayd
7. exacly
8. qiute
9. traveled
10. krokodiels
