English Home Language  
Week 7: 1-5 June  
Theme 8 Essay  
+  
Theme 9  
What's the weather like  
today?

# Monday

Remember to read for three minutes and report back at the beginning of every day.

Mark the exercises done in week 6 – see file: Week 6 Memos. Make sure all work for week 6 has been completed and marked. No revision needed.

Narrative essay: Anansi story

Read the instructions, the first part of the story and the rubric in the planning file.

Write “First draft” and “Anansi story” on a folio.

Planning:

Brainstorm a few possible endings to the story. Jot them down, do not write full sentences. See the scenes in your mind.

Choose the best option. Write the 5 W's  
(what, who, where, when, why + how)

and next to each short details – do not write full sentences here.

# Tuesday

Start writing the first draft. (Do not write the title yet. When you are done with the whole story, you can think of a title to suit the story.) There must be a link between your first paragraph and the last paragraph of the story given to you. Try to stick to the word limit of 140 – 150 words. Plan carefully, so that your story does not go on and on. Write two paragraphs and a short ending/conclusion. The ending rounds off the essay. You can also mention the moral lesson in the ending or refer to the future. Now add your title.

# Wednesday

Do proper proofreading. Check spelling, tenses, sentences, punctuation and add at least three improvements. Stick more or less to the word limit.

Write Final draft and your name on a new folio. Staple your first and final drafts together. Keep it in a safe place, like your general file. You will be told when to hand it in at a later stage.

Take note: There will be no formal assessment tasks for term 2.
