Challenge

- 1a) 1941 years ago.

Vesuvius erupted in AD 79. AD is Latin and stands for Anno Domini, which means “in the year of the Lord”. It refers to the birth of Jesus Christ.

So **AD 79** is 79 years after the birth of Jesus.

You calculate the answer: $2020 - 79 = 1941$ years

You can also refer to years before the birth of Jesus, then you say **10 BC**
BC stands for “before Christ”

- b) extinct
- c) “fertile”
- d) “crust”
